During the holidays, Helen and Noah go to visit their grandparents on their farm. Their mum takes them there by car. She stays the night. But she has to leave early next morning. She has to go back to town because she has to work.

Helen and Noah have a wonderful week ahead of them. Their Grandpa has a big
5 farm. There are pigs, chickens and cows there.

There are even two horses, that they'll soon be allowed to ride. Their Grandma is going to show them how to ride. But they are also going to have to clean the stable, collect horse droppings and brush the horses.

But now they're going to the field with a tractor. They have to prepare the field so
10 that they can sow again.

Later they give the chickens some grain. Helen and Noah look inside the henhouse and find a lot of eggs in there.

In the evening they help feed the cows. They put a lot of hay on the floor. The little calves are very cute.

It's autumn. The days are getting shorter and it's getting darker and colder outside. The children collect sticks. Together they pile them up. The wind blows leaves onto the grass. They gather them up and throw them on the pile of sticks. They put a few more tree branches on top so they won't be blown away later on.

- 5 Their little pile of sticks is located in a corner of their small garden between some old bushes.

Now they hope that over the winter hedgehogs will move in there. Maybe they will even have a few babies. That would be so great and they are very much looking forward to that!

- 10 Tim read somewhere that hedgehogs like to eat cat food. So they plan to put some out every day. They also want to put out a bowl filled with water next to it. They wonder if they will be successful ...

- It's autumn. The days are getting shorter and it's getting darker and colder outside. Still, it is beautiful being outside. The children collect some sticks. Together they pile all of them up. The wind blows some leaves around which land on the grass. They gather them up as well and throw them on their pile of sticks. They find a few more tree branches nearby and put them on top so they won't be blown away later on. Great, they are finished! Their little pile of sticks is located in a quiet corner of their small garden between some old bushes.
- Now they hope that over the winter one or two (or maybe even more) hedgehogs will move in there. Maybe they will even have a few babies. That would be so great and they are very much looking forward to that!
- 10 Tim, who reads a lot, read somewhere that hedgehogs like to eat cat food. They don't know why. To them it doesn't smell very good ... But they don't have to eat it.
