

What a great idea! You and your uncle go on a trip to Scotland! Today you visit the famous Loch Ness in the Scottish Highlands. "Loch" is a Celtic word and means lake. Your uncle buys the tickets for the boat. On the boat, you feel seasick. You go to the end of the boat, sit down and watch the water. Suddenly you hear a strange noise and see some bubbles on the water. What is it? You can't remember the story about the Loch. But you know that there is something spooky about the place.

Now you have two options. You can write a spooky story about the Loch and draw a picture. Or you're clever and solve the riddles. Crack the code, and your uncle tells you the true story about the Loch! Good luck and don't be scared!

Vocabulary:

Celtic: keltisch, seasick: seekrank, suddenly: plötzlich, strange: merkwürdig, bubbles: Blasen, option: Möglichkeit, spooky: unheimlich, (to) solve sth.: etw. lösen, (to) crack sth.: etw. knacken

TALES OF MONSTERS! DISCOVER THE MYSTERY OF LOCH NESS! FIRST RIDDLE

Welcome to the UK

The United Kingdom consists of four parts: England, Wales, Scotland and Northern Ireland.

Step 1: Look at the map of the UK. Can you find the places on the map?

Step 2: To find out the code, write down the numbers of B, C and D below.

- England ①
- Scotland ②
- Northern Ireland ③
- Wales ④

The numbers of B, C and D are: _____

Vocabulary:

(to) consist of sth.: aus etw. bestehen

TALES OF MONSTERS! DISCOVER THE MYSTERY OF LOCH NESS! CODE 421

What's typical for Scotland?

Step 1: Tick the right answers.

Step 2: To find out the code, write down the numbers of your solution.

☐ bagpipes ①

☐ Scottish lemonade ②

☐ driving on the left ③

☐ burgers for breakfast ④

☐ kilt for men ⑤

☐ Scottish apples ⑥

The numbers of the right answers are: _____

Vocabulary:

(to) tick sth.: etw. ankreuzen

TALES OF MONSTERS! DISCOVER THE MYSTERY OF LOCH NESS! CODE 135

Back at the B&B (Bed & Breakfast)

You and your uncle talk about Scotland and your trip.

Step 1: Read the sentences and tick the right answers.

Step 2: To find out the code, solve the calculation.

Tomorrow we ... to the Scottish Highlands.		Many Scots ... baked beans for breakfast.		Look, at the B&B a child ... a typical fried chocolate bar.		code
☐ goes ③25		☐ have ⑫		☐ buy and try ③		
☐ go ⑨17	+	☐ has ④5	-	☐ buys and tries ⑦	=	
☐ gos ⑤23		☐ havs ③4		☐ buys and tries ⑤		

Calculation: _____ + _____ - _____ = _____

Vocabulary:

Scottish Highlands: Schottisches Hochland, **baked beans:** gebackene Bohnen, **fried:** frittiert, **chocolate bar:** Schokoriegel, **(to) solve sth.:** etw. lösen, **calculation:** Rechnung

TALES OF MONSTERS! DISCOVER THE MYSTERY OF LOCH NESS! CODE 922

At the tourist information

At the tourist information a lady gives you a flyer with a riddle on it.

Step 1: Decode the flyer and discover your prize.

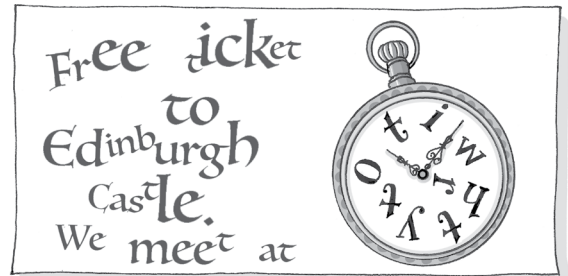

Step 2: To find out the code, write down the hidden numbers.

The flyer says: _____

The hidden numbers are: _____

Vocabulary:

hidden: versteckt

TALES OF MONSTERS! DISCOVER THE MYSTERY OF LOCH NESS! CODE 230

Memories

Step 1: Do you remember the name of the place on the flyer at the tourist information? Write its name below. To find out the first number of the code, count the letters of the last word.

Name of the place on the flyer: _____

Number of the letters of the last word: _____

Step 2: What's happening at the tourist information? Find the right order of the sentences.

Attention: In each sentence one word will remain. To find out the second and third number of the code, write down its number.

is (1) - of (2) - takes (4) - taking (5) - the city (6) - pictures (7) - a girl (8)

→ _____

This word remains: _____

It has the number: _____

reading (1) - Scotland (2) - a book (3) - do (4) - about (5) - two boys (6) - are (7)

→ _____

This word remains: _____

It has the number: _____

All three numbers of the code are: _____

Vocabulary:

memory: Erinnerung, (to) remember sth.: sich an etw. erinnern, letter: Buchstabe

What a disaster! As you are reading these lines, more and more species are disappearing – up to 150 every day! To get a deeper understanding of the dilemma, your class is visiting an exhibition on endangered species named 'species in pieces'. Since the future of the earth is in your hands, there's no entrance fee for the exhibition. Instead, each visitor must perform a task.

Now you have two options. You can solve the riddles, crack the code and enjoy the exhibition. Or you ask your teacher for the QR-code and create an informative audio guide about the endangered species of the exhibition. But remember your audio guide must be as creative as the exhibition. So, what are you waiting for? The clock is ticking ...

Vocabulary:

endangered species: vom Aussterben bedrohte Tierarten

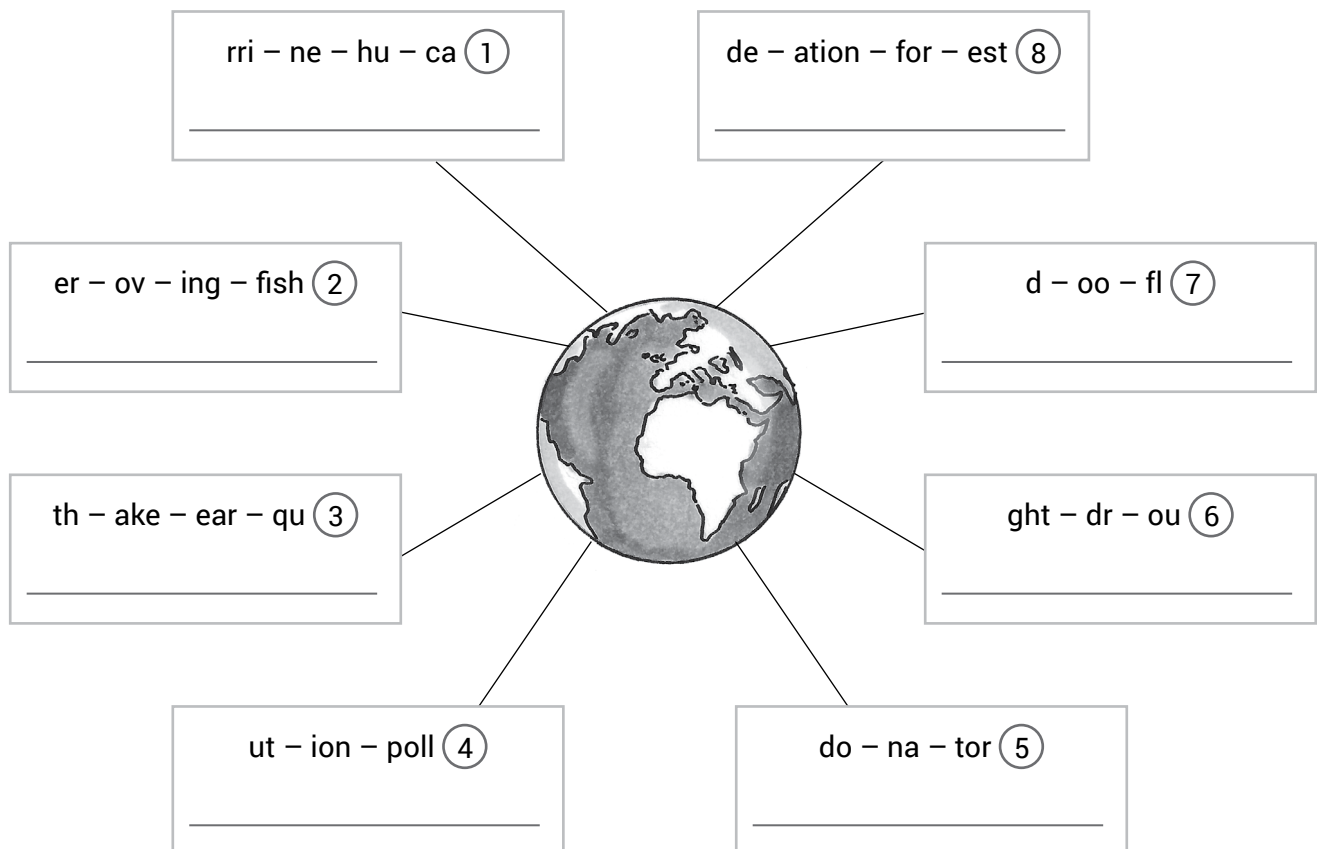

NATURE'S LAST CHANCE! CAN YOU HEAR THE SOS? FIRST RIDDLE

Natural disasters

Step 1: Put the pieces together and find the natural disasters.

Step 2: Which of these natural disasters are primarily caused by humans? To find out the code, write down their numbers and arrange them from small to large.

The numbers of the natural disasters that are primarily caused by humans from small to large are: _____

NATURE'S LAST CHANCE! CAN YOU HEAR THE SOS? CODE 248

What if ...?

Step 1: Read the sentences and tick the right answers.

Step 2: To find out the code, write down the numbers of the correct answers.

1. If you take used materials and recycle them, ...

☐ you can turn them into something new. (5)

☐ you would turn them into something new. (9)

2. The environment would be cleaner ...

☐ if people didn't throw their rubbish on the street. (6)

☐ if people wouldn't throw their rubbish on the street. (1)

3. If it hadn't rained a lot, ...

☐ it won't cause floods. (2)

☐ it wouldn't have caused floods. (7)

The numbers of the correct answers are: _____

NATURE'S LAST CHANCE! CAN YOU HEAR THE SOS? CODE 567

What is it?

The fight against climate change calls for action and rethinking. Let's see how much you know about renewable energies.

Step 1: Decode the text and answer the question.

Step 2: To find out the numbers of the code, decode the vowels of your solution with the help of the table.

It's a device that collects sun light and turns it into energy. You can find it on the top of houses.

A	E	I	O	U
3	8	5	6	1

Solution: _____

Vowels: _____ → numbers: _____

Vocabulary:

renewable energies: erneuerbare Energien

NATURE'S LAST CHANCE! CAN YOU HEAR THE SOS? CODE 638

Nature protection: A signal board

Step 1: Look at the signal board. Do you know the meaning of each sign? Write down the correct letter for each sign. Attention: three signs remain. To find out the code, write down their numbers.

Step 2: Take a look at your solution. The letters form a word. Write it down. You will need it in another riddle.

Environmentally damaging (R)

No to nuclear power (A)

No touching (U)

Please recycle (N)

Save water (T)

No littering (S)

Solution: 1 ____, 2 ____, 3 ____, 4 ____, 5 ____, 6 ____, 7 ____, 8 ____, 9 ____, → _____

The numbers of the signs that remain: _____

NATURE'S LAST CHANCE! CAN YOU HEAR THE SOS? CODE 349

Three – a magic number!

Step 1: Read the riddle. What's the answer? To find out the first number of the code, count the letters of your solution. Tip: Another riddle will help you.

Which planet am I?

I have 50 moons but you can't see me in the sky because I'm very high.
I'm made out of gas and I'm quite old. On my surface it's cold!
Talking about size, I'm number two. Do you have a clue?

Solution: _____ → number of letters: _____

Step 2: Scan the QR-code and listen to the song "The 3 R's" by Jack Johnson (2000). What do the "R's" stand for? To find out the last numbers of the code, tick the right answers.

☐ a) reuse, rebuild, recycle (24)

☐ b) reduce, reuse, recycle (71)

☐ c) repair, reuse, rethink (35)

All three numbers of the code are: _____
