Aus dem Dänischen von
Franziska Gehm

The illustration shows a collection of craft supplies. On the left, there's a small brown house with a tiled roof, surrounded by colorful string. Below it are various items: a bottle of glue labeled 'LEIM', a jar of brushes, a glue stick labeled 'UHU', a pair of orange-handled scissors, a white marker, and a piece of yellow paper. In the center, there's a red square with a white flower, a blue brush, a yellow string, and a black glue gun. On the right, there's a green sewing machine, a roll of fabric, a spool of thread, a pair of blue-handled pliers, a red marker, and several colorful pom-poms. The background is white with a faint grid pattern.
